

K. How does today's action affect Indian Country (18 U.S.C. 1151) in Louisiana?

Louisiana is not authorized to carry out its Hazardous Waste Program in Indian Country within the State. This authority remains with EPA. Therefore, this action has no effect in Indian Country.

L. What is codification and is the EPA codifying Louisiana's hazardous waste program as authorized in this rule?

Codification is the process of placing the State's statutes and regulations that comprise the State's authorized hazardous waste program into the CFR. We do this by referencing the authorized State rules in 40 CFR part 272. We reserve the amendment of 40 CFR part 272 subpart T for this authorization of Louisiana's program changes until a later date. In this authorization application, the EPA is not codifying the rules documented in this **Federal Register** notice.

M. Administrative Requirements

The Office of Management and Budget (OMB) has exempted this action (RCRA State Authorization) from the requirements of Executive Order 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011). Therefore, this action is not subject to review by OMB. This action authorizes State requirements for the purpose of RCRA 3006 and imposes no additional requirements beyond those imposed by State law. Accordingly, this action will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this action authorizes pre-existing requirements under State law and does not impose any additional enforceable duty beyond that required by State law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4). For the same reason, this action also does not significantly or uniquely affect the communities of Tribal governments, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999), because it merely authorizes State requirements as part of the State RCRA hazardous waste

program without altering the relationship or the distribution of power and responsibilities established by RCRA. This action also is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997), because it is not economically significant and it does not make decisions based on environmental health or safety risks. This rule is not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355 May 22, 2001), because it is not a significant regulatory action under Executive Order 12866.

Under RCRA 3006(b), the EPA grants a State's application for authorization, as long as the State meets the criteria required by RCRA. It would thus be inconsistent with applicable law for the EPA, when it reviews a State authorization application, to require the use of any particular voluntary consensus standard in place of another standard that otherwise satisfies the requirements of RCRA. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. As required by section 3 of Executive Order 12988 (61 FR 4729, February 7, 1996), in issuing this rule, the EPA has taken the necessary steps to eliminate drafting errors and ambiguity, minimize potential litigation, and provide a clear legal standard for affected conduct. The EPA has complied with Executive Order 12630 (53 FR 8859, March 15, 1988) by examining the takings implications of the rule in accordance with the "Attorney General's Supplemental Guidelines for the Evaluation of Risk and Avoidance of Unanticipated Takings" issued under the Executive Order. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). Executive Order 12898 (59 FR 7629, February 16, 1994) establishes federal executive policy on environmental justice. It's main provision directs federal agencies, to the greatest extent practicable and permitted by law, to make environmental justice part of their mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of their programs, policies, and activities on minority populations and low-income populations in the United States. Because this rule authorizes pre-existing State rules which are at least equivalent to, and no less stringent than existing federal requirements, and impose no

additional requirements beyond those imposed by State law, and there are no anticipated significant adverse human health or environmental effects, the rule is not subject to Executive Order 12898.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this document and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2). This action nevertheless will be effective September 11, 2017.

Medicare and Medicaid Programs; Reform of Requirements for Long-Term Care Facilities

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Final rule; correction and correcting amendment.

SUMMARY: In the October 4, 2016 issue of the **Federal Register**, we published a final rule revising the requirements that Long-Term Care (LTC) facilities must meet to participate in the Medicare and Medicaid programs. The effective date was November 28, 2016. This document corrects technical and typographical errors identified in the October 4, 2016 final rule.

DATES: This document is effective July 13, 2017.

SUPPLEMENTARY INFORMATION:

I. Background

In FR Doc. 2016-23503 which appeared in the October 4, 2016 **Federal Register** (81 FR 68688), entitled “Reform of Requirements for Long-Term Care Facilities,” there were technical and typographical errors that are identified and corrected in the Implementation Timeframe table of the preamble and in the regulations text of this document.

II. Summary of Errors

A. Summary of Errors in the Preamble

We inadvertently made technical and typographical errors in the preamble as follows:

On page 68725, fourth full paragraph of the second column, we inadvertently referenced proposed § 482.11 instead of proposed § 483.11.

On page 68729, second paragraph of the third column, we inadvertently referenced § 482.15(a) instead of § 483.15(a).

On page 68736, second full paragraph of the second column, we inadvertently referenced § 482.20(k)(4) instead of § 483.20(k)(4).

Under the Implementation Timeframe table we made technical and typographical errors as follows:

On page 68696, under § 483.12, we inadvertently referenced the “Coordination with QAPI Plan” instead of the “Coordination with QAPI Program.” We are correcting this error to clarify that the Coordination with QAPI Program will be implemented in Phase 3.

On page 68697, we inadvertently designated existing requirements at § 483.45(e)(1) and (2) to be implemented in the second phase of the implementation schedule. Requirements at § 483.45(e)(1) and (2) are redesignations and do not reflect a change in policy. We indicated in the final rule (81 FR 68696) that the first

phase of implementation will include those requirements that were unchanged or received only minor modification. Therefore, we are correcting the exceptions to the Phase 1 implementation deadlines to specify that the requirements at § 483.45(e)(3), (4), and (5) Psychotropic drugs will be implemented in Phase 2.

On page 68697, we inadvertently designated existing requirements at § 483.75(g)(2)(i) and (ii) to be implemented in the third phase of the implementation schedule. Requirements at § 483.75(g)(2)(i) and (ii) are redesignations and do not reflect a change in policy. We indicated in the final rule (81 FR 68696) that the first phase of implementation will include those requirements that were unchanged or received only minor modification. Therefore, we are correcting the exceptions to the Phase 3 implementation deadlines under “§ 483.75—Quality assurance and performance improvement” by replacing the paragraph designation (g)(1) with (g), subparagraph designation (iv) with (g)(1)(iv), and clarifying that (g)(2)(iii) will also be implemented in Phase 3. Also, we are correcting the acronym “ICPO” to read “IP.”

B. Summary of Errors in the Regulations Text

On page 68847, we inadvertently omitted a conforming change to revise cross-references to part 483 found in part 409. Sections 409.20 and 409.26 include incorrect cross-references to § 483.75(n). We inadvertently did not update these cross-references. Therefore, we are revising § 409.20 and § 409.26 to correct the cross-reference by replacing § 483.75(n) with § 483.70(j).

On page 68847, we made technical errors in the regulations text for § 482.58. We inadvertently used the cross-references from the proposed rule “Medicare and Medicaid Programs; Reform of Requirements for Long-Term Care Facilities” (80 FR 42246) rather than the final rule. We are revising § 482.58 to correct the cross-references. As we noted in the proposed rule, the revised citations correspond to cross-references previously set out at § 482.58 and make no substantive policy changes.

On page 68848, we made technical errors in the regulations text of § 483.5. We inadvertently omitted a conforming change to revise cross-references in the definitions of “composite distinct part” and “distinct part.” We are revising the definition of “composite distinct part” and the definition for “distinct part.” We made no substantive changes.

On page 68854, we inadvertently designated a cross-reference at § 483.10(i)(4), and on pages 68856 and 68857, we inadvertently designated cross-references at § 483.15(a) through (d).

On page 68856, we made a technical error in the regulations text of § 483.15(c)(2)(iii)(F). We inadvertently omitted the apostrophe from the word “resident’s.”

On page 68863, we made a technical error in the amendatory instruction for § 483.45. We set out the regulatory text for paragraph (c)(5) but inadvertently omitted the instruction to add paragraph (c)(5) as a new paragraph. We are revising § 483.45 by adding an instruction to add paragraph (c)(5).

On page 68863, we made a technical error in the regulations text of § 483.50(a)(2)(iii). We inadvertently misspelled the word “assistance.”

On page 68865, we made a technical error in the amendatory instruction for § 483.70(i), in which we inadvertently omitted the instruction to revise the paragraph heading for paragraph (i). We are inserting this instruction in this final rule.

On page 68868, we made a technical error in the regulations text for § 483.75(g)(1)(iv). In the preamble of the final rule (81 FR 68812), we indicated that in § 483.80(b) we were changing our use of “infection control and prevention officer (ICPO)” to “infection preventionist (IP).” Section 483.75(g)(1)(iv) also uses the term “infection control and prevention officer.” We are revising § 483.75(g)(1)(iv) by replacing the phrase “infection control and prevention officer” with “infection preventionist.”

On page 68869, we made a technical error in the regulations text for § 483.85(b). We incorrectly indicated that the operating organization for each facility must have in operation a compliance and ethics program by November 28, 2017. In the final rule (81 FR 68697) we indicated that all the requirements in § 483.85 would be implemented in Phase 3 (November 28, 2019). Therefore, we are revising paragraph § 483.85(b) to accurately indicate that the operating organization for each facility must have in operation a compliance and ethics program by November 28, 2019 and removing the reference to November 28, 2017.

On page 68870, we made technical errors in the regulations text for § 483.90. We incorrectly designated paragraph § 483.90(d) as (c), which resulted in the omission of existing requirements at § 483.90(c) in the Code of Federal Regulations (CFR). We are

revising § 483.90 to correctly designate the paragraphs in this section and add the omitted requirements.

On page 68871, we made a technical error in the amendatory instruction for § 485.635. We incorrectly revised the cross-reference to § 483.25(i) in § 485.635(a)(3)(vii). We are revising § 485.635 to correct the cross-reference by replacing the reference to

“§ 483.25(d)(8)” with “§ 483.25(g).”

On page 68871, we made technical errors in the regulations text for § 485.645. We inadvertently used the cross-references from the proposed rule “Medicare and Medicaid Programs; Reform of Requirements for Long-Term Care Facilities (80 FR 42269) rather than the final rule. We are revising § 485.645 to correct the cross-references. As we noted in the proposed rule, the revised citations correspond to cross-references previously set out at § 485.645 and make no substantive policy changes.

On page 68871, we made a technical error in the regulations text for § 488.56. Section 488.56(b) and (b)(2) include incorrect cross-references to § 488.75(i). We inadvertently did not update these cross-references. Therefore, we are revising § 488.56 to correct the cross-reference by replacing § 488.75(i) with § 483.70(h).

III. Waiver of Proposed Rulemaking and Delay in Effective Date

We ordinarily publish a notice of proposed rulemaking in the **Federal Register** to provide a period for public comment before the provisions of a rule take effect in accordance with section 553(b) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). However, we can waive this notice and comment procedure if the Secretary finds, for good cause, that the notice and comment process is impracticable, unnecessary, or contrary to the public interest, and incorporates a statement of the finding and the reasons therefore in the rule.

Section 553(d) of the APA ordinarily requires a 30-day delay in effective date of final rules after the date of their publication in the **Federal Register**. This 30-day delay in effective date can be waived, however, if an agency finds for good cause that the delay is impracticable, unnecessary, or contrary to the public interest, and the agency incorporates a statement of the findings and its reasons in the rule issued.

Our revisions to the requirements for Long-Term Care (LTC) facilities found in part 483 subpart B have previously been subjected to notice and comment procedures. These corrections are consistent with the discussion of the policy in the October 2016 final rule

and do not make substantive changes to this policy. This correcting amendment merely corrects technical errors in the regulations text of the October 2016 final rule and makes no substantive policy changes. As a result, this correcting amendment is intended to ensure that the October 2016 final rule accurately reflects the policy adopted in the final rule. Therefore, we find that undertaking further notice and comment procedures to incorporate these corrections into the final rule is unnecessary and contrary to the public interest.

For the same reasons, we are also waiving the 30-day delay in effective date for this correcting amendment. We believe that it is in the public interest to ensure that the October 2016 final rule accurately reflect our revisions to the requirements for LTC facilities. Delaying the effective date of these corrections would be contrary to the public interest. Therefore, we also find good cause to waive the 30-day delay in effective date.
