

## COMPLIMENTARY QUARTERLY WEBINAR

HEALTH  
INSURANCE

# PREVENTING PRESSURE ULCER/INJURIES FROM A SYSTEMS PERSPECTIVE

## DESCRIPTION

Pressure ulcer/injury (PU/PI) prevention is considered a quality measure in most care settings—including long-term nursing facilities. To comply with federal regulations, a facility must demonstrate, through the resident assessment processes, care plan documentation and clinical outcomes, that the only facility acquired PU/PIs are unavoidable. Providing this level of care (prevention of all PU/PIs, except those produced by the resident's failing physiology) requires that the facility have processes and protocols in-place to **move the entire staff towards the goal of PU/PI prevention.**

The faculty of this webinar will use a **Self-Assessment Worksheet** to help facilities identify current processes, gaps and places for improvement. Whether a facility has a root cause analysis program firmly in-place, are just beginning, or are working toward their PU/PI Quality Assurance and Performance Improvement process, this program has content to help inform and support the goal of PU/PI prevention.

## FACULTY

- Pamela Scarborough, PT, DPT, MS, CWS, CEEAA  
Director Of Public Policy & Education  
American Medical Technologies
- Jeanine Maguire, PT, MS, CWS  
Sr. Director Skin Integrity & Wound Management  
Genesis Healthcare

*AMT Education Division is a provider of Continuing Nursing Education by the California Board of Nursing, Provider Number CEP 15291.*

*This program is approved for 1 nursing contact hour by the California Board of Nursing.*

## OBJECTIVES

At the end of this presentation participants will be able to:

- Identify which tools and processes are currently in place to identify residents who have PU/PI risk, or experience a change in PU/PI risks;
- Discuss current PU/PI prevention practices in their building/company;
- Recognize gaps in current PU/PI prevention practices/processes;
- Formulate plans to improve pressure ulcer/injury prevention practices/processes and improve clinical interventions and outcomes.

## DATE & TIME

- Thursday, **March 14, 2019**
- 2:00-3:15 pm Eastern
- 1:00-2:15 pm Central
- 11:00-12:15 pm Pacific
- 9:00-10:15 am Hawaii

## REGISTRATION

Space is limited to the first 500 participants nationally. To reserve a spot, all are encouraged to register early.
